## Sizing Guide Rings

This guide aims to assist you in determining your ring size by measuring your finger accurately. To obtain precise results, kindly follow these steps:

1. Print the document without scaling the pages to ensure accuracy.
2. Cut out the provided sizer and wrap it around your finger.
3. Identify the number on the sizer that corresponds closest to your ring size.

To ensure accurate measurements, make sure your printer is set to a 100% print size before printing the guide.
